**Planet Home Lending**  
WE'LL GET YOU HOME

# HOMESTYLE RENOVATION LOAN

- ✓ Whether your borrower is looking to purchase a home that needs renovations or repairs or are refinancing an existing mortgage and looking to make home improvements, the Fannie Mae Homestyle® Renovation Loan is an excellent home loan choice.
- ✓ The great feature about this renovation loan is that it is a single first mortgage, not an equity line of credit, construction loan, or second mortgage.
- ✓ The fact that the Fannie Mae Homestyle® Renovation Loan is a single mortgage means there is only one closing thus saving you both time and money. First mortgage loans typically offer a lower interest rate than an equity line or a construction, which is an additional cost savings.

- ✓ Appraisal Report Example
  - Reconciliation Section: “Subject To”

RECONCILIATION	The market approach to value is given the most weight in the final estimate of value as it reflects the actions and reactions in the marketplace. The cost approach typically sets the upper limit of value and is utilized as additional support for the market value estimate. Income approach not applied as homes in the area are typically owner occupied.
	This appraisal is made <input type="checkbox"/> 'as is', <input type="checkbox"/> subject to completion per plans and specifications on the basis of a hypothetical condition that the improvements have been completed, <input checked="" type="checkbox"/> subject to the following repairs or alterations on the basis of a hypothetical condition that the repairs or alterations have been completed, or <input type="checkbox"/> subject to the following required inspection based on the extraordinary assumption that the condition or deficiency does not require alteration or repair: <u>Subject to completion of</u>
	<u>HomeStyle Renovation work proposal.</u>
	Based on a complete visual inspection of the interior and exterior areas of the subject property, defined scope of work, statement of assumptions and limiting conditions, and appraiser's certification, my (our) opinion of the market value, as defined, of the real property that is the subject of this report is
	\$ <u>289,000</u> , as of 06/09/2014 , which is the date of inspection and the effective date of this appraisal.

\*\*The Value in the Reconciliation Section is the “After-Improved” Value on HomeStyle Transactions

## ✓ Consultant/Contract Discrepancies

- The Consultant Feasibility Study and Contractor Bid(s) should match on a HomeStyle Renovation loan (when a Feasibility Study is required)

In the event of discrepancy:

IF	THEN
Contractor Bid is MORE than Consultant Feasibility Study	Maximum Mortgage is determined by the Consultant Feasibility Study; could result in additional cash to close from Borrower
IF	THEN
Contractor Bid is LESS than Consultant Feasibility Study	Consultant must comment on discrepancy and validate the Contractor Bid is reasonable. If the Contractor Bid is unreasonable, Maximum Mortgage is determined by Consultant Feasibility Study

HomeStyle Renovation Purchase	
Purchase Price and Renovation Costs	
Purchase Price	\$280,000
Total Cost of Repairs (labor & materials)	\$15,215
Allowable Renovation Related Costs (i.e. permit, architectural fee)	\$1,875
Contingency Reserve (10%)	\$1,521
Allowable Financed PITI (owner-occupied only)	\$1,500
Total Purchase Price and Renovation Costs	\$300,000
After Improved Value	\$290,000
Loan Amount based on desired LTV of 95%	\$275,500
Calculated on the lesser of As-Completed Value or Purchase Price + Renovation Costs	

### Loan Amount Calculation

Step 1: Identify the lesser of the below figures:

- Purchase Price + Total Renovation Costs
- After-Improved Value

Step 2: Multiply the lesser figure from step one by the desired LTV (up to allowable program maximum LTV) to obtain the loan amount

- In this example the After-Improved value is less than the Purchase Price + Renovation Costs
- Therefore, 95% of the After-Improved value is used to calculate the loan amount of \$275,500
