

Announcement 2018 - 18

Planet Home Lending Lock Suspension

Planet would like to announce the temporary suspension of its HomeReady locks through the CORE Seller Portal.

While all other product locks are available through the CORE portal, HomeReady locks will have to be manually locked until further notice. Please follow the steps below.

1. Register the loan in the system
2. Email CorrespondentLocks@planethomelending.com for pricing and to lock the loan.
 - When the loan is locked, a printable confirmation will be available for your records.

Reach out to your Regional Sales Manager with any questions.
